Dulux
TRADE

PLASCON

Townhouses • Commercial • Private • Roofs

Founded in 1989, **Coating Worx** is a commercial and domestic paint contracting company established to address the need experienced by property owners and facility managers for service and integrity in the South African paint contracting industry.

Branches

With our national foot print we are able to cater to our clients needs across Southern Africa with branches establishments in Gauteng, Durban, Cape Town and Port Elizabeth..

Quality assurance

With over 20 years of experience in all aspects of commercial, industrial and domestic painting, Coating Worx has earned an enviable reputation for high quality workmanship and superb customer relations.

By tracking every development in the field of high performance coatings, we are up to speed with the latest techniques and procedures both in preparation and application.

Guarantees

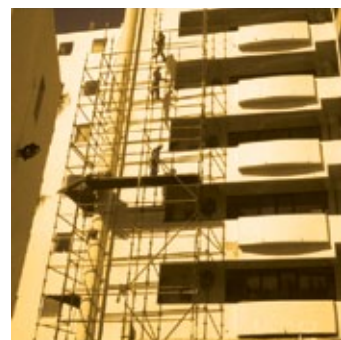

We are proud to be endorsed by **Plascon** and **Dulux Paints**, which enables us to guarantee product and workmanship for a period of 5 years under certain conditions.

Scope of Work

We provide a detailed scope of work with each quote, specifying our recommendations. These recommended specifications are based on the results of the analysis and assessments conducted during on-site inspections.

Safety

Safety is an integral part of our business ethos, working in accordance to OHSact. Safety

plans are available for every site. Our staff are trained and protective personnel equipment (PPE) is made available to keep our staff safe and protected.

Our Clients

Our clients have the advantage of assured quality products and workmanship. Effectively we can allocate resource to match any scale of project.

- Caltex
- Engen
- Netcare Hospitals
- Growthpoint Properties
- Broll Properties
- And many more...

Benefits to the Corporate Client

Dealing with a single supplier over a portfolio of properties can directly benefit a corporate client as follows:

- Initial specifications can be standardised and applied repetitively, thereby assuring a homogeneity of quality and corporate image throughout.
- Costing bases can be negotiated and prices agreed so that only measurement need be conducted for each individual site.
- Corporate staff are relieved of the need to obtain quotes for, communicate on, monitor and project manage each single maintenance activity.
- **Coating Worx** will manage roll out timing, quality control and completion according to plan on all activities undertaken.
- Corporate communication may be reduced to a single national interface or at most individual regional interfaces.
